

JIANGTU Tree Shear

Product Description

JIANGTU [Tree Shear](#) is a commonly used attachment on excavators. It has dual functions of grabbing and cutting. It can cut down, trim, sort and load trees and bushes from branches to stumps. Because it is fast, simple and efficient in pruning, cutting down trees, forest clearing and other applications, it is popular with excavator drivers and forestry contractors.

As one of the leading Excavator Attachments manufacturer in China, JIANGTU has a full range of tree shears for excavator from 2-16 ton. They are suitable for all kinds of brands and models of excavators.

APPLICATION

This JIANGTU tree shear can be used anywhere as a valuable tool for clearing trees—everything from forest harvesting and thinning to cleaning up overgrown pastures.

FEATURES

JIANGTU Tree Shear Main Features and Advantages:

- One attachment with multiple functions, grabbing and cutting;
Equipped with blades, wide and narrow grips that cooperate with each other, and anti-drop guards, it can cut and move miscellaneous wood to designated places.
- High cutting force and fast cutting speed;
The special circular blade shape can reduce cutting resistance; the rotating tree shear is equipped with German brand M+S motor, which has stronger power, low failure rate and stable performance.
- Replaceable blades are used for easy maintenance;
The replaceable blade fixed by bolts is easy to replace. The arc design of the blade can realize the cutting of miscellaneous wood with large difference in diameter, which greatly improves the cutting efficiency and the tree shear is suitable for cutting miscellaneous wood of various diameters.
- Finish machining and high-strength wear-resistant plates make the shear durable.
The material of the body is made of wear-resistant plate. The blades are made of imported material from Germany, which are sharp, highly wear-resistant, and durable.
- Make cutting easier and more efficient;
The large bore and powerful oil cylinder can realize the maximum shearing efficiency.
- 360° rotation function is optional;
Customers can choose to customize and add a 360° slewing support rotation system according to their needs, so as to achieve 360° shear cutting and grabbing at different angles.
- After-sales Guarantee
With the after-sales policy of “One Year Warranty and Six Months Replacement”, please rest assured to buy.

FEATURES

01 Finish machining and high-strength wear-resistant plates make the shear durable.

02 With retaining plate to prevent falling of trees.

03 With a replaceable and arc-designed blade, which greatly improves the cutting efficiency

04 The large bore and powerful oil cylinder can realize the maximum shearing efficiency.

Tree Shear for Excavators						
Model	Excavator (tones)	Body width(mm)	Max Opening(mm)	Blade Thickness (mm)	Max Cut Diameter (mm)	Weight (kg)
JTMINI	2-4	665	535	HB500 18mm	200	200
JT02/04	6-10	825	585	HB500 20mm	300	365
JT06	12-16	1080	825	HB500 20mm	350	880

Why choose us ?

- 1.As the leading excavator attachments manufacturer in China, we have 10 years experience in developing and manufacturing excavator attachments.
2. Strong R&D department with 8 professional engineers and more than 70 skilled workers.
- 3.Strict QC system, ISO9001:2015 and CE certificate.
- 4.12 months warranty after receiving the product, 6 months free replacement.
5. The OEM/ODM and customization service is available.

A good attachment , how was it born?

Our Company Information

Yantai Jiangtu Mechanical Equipment Company is a leading manufacturer for excavator attachments in China. All products' quality are strictly under control from processing to delivery. By continuous innovation and improvement, the company has got ISO 9001, CE certifications and technical patents successively. Our products have been sold to widely domestic and oversea customers and long term partnerships have been developed.

Our mission is: Quality first, Service foremost, and Innovation paramount.

Uncompromising commitment to high quality and thoughtful service wins us a good reputation and more coming partners. And we will keep on improving the products to better serve the world market. We are looking forward to working with you!

Company View

Our Certificate

Our Team

Aiming to deliver practical, easy-to-use and durable excavator attachments for global market, our R&D team size keeps growing. Currently, there are 8 professional engineers with an average researching experience of 4 years to meet customization demands. More than 70 skilled technicians have made it possible to guarantee the lead time and delivery date.
